“ Hey mums I miss you everyday EVERYDAY. I wish I could change you leaving but I can't and I understand. I wanna call you so bad to hear your voice 1more time . This whole thing sucks. Come back. Wish I would wake up and this is just a bad dream. I love you 10x more.

“ To the family of Ms. Russell I'm so sorry for your loss. Ms. Russell was a very sweet lady. I remember her always dressing beautifully. I know she was dearly loved by her children, it was evident in the way that took care of her. May God provide your family with peace. Cavel (former employee of Conviva)

“ My GrannyMooms!!!! I know I'm feisty and fiery because of you. I know my capabilities and my potential because of you. I know that I can accomplish my wildest dreams because of you. I'm laughing in my head at what I want to say but you know the vibes lol I miss you so much but I know you're far better off than what we have down here on earth! I love you so much, but of course, I already know you love me more and that's something that I will never forget. Just like I know you're keeping your promise at this very moment. Can't wait to hug you again, but until then, I'll be seeing you.

“ Nina was a Dear friend and someone I was privileged to meet and know. She was always positive and full of life , the person you wanted to be around,and her loving nature was evident in her family with it strong family bonds. Ms Nina you will be missed but your Spirit lives on the memory and hearts of those who knew you. Travel Well. May you find peace in the arms of the Lord Jesus Christ.
