“ *I met Barbara during an evaluation for accreditation of National Commission of Correctional Health Care in Puerto Rico. She was the lead surveyor of the process. I was her translator from English to Spanish. I learned a lot with her during the process because she had a lot of expertise of the prison standards and gave us a lot of recommendations to improve health services. She was very professional , humble and was very kind . She made a great impact on me and other coworkers leaving memorable positives anecdotes. It was an honor to met her. I will remember her as a wonderful person and as a mentor. Rest in peace Barbara.*

“ *The last time I saw my cousin Pansy (Barbara) was at our family reunion in Atlanta several years ago. However we spoke by phone a few months ago of which I am extremely grateful that we laughed and talked and shared precious moments of the past the world situation and the pandemic. I will miss my cousin deeply, her laugh her humor and her wonderful mischievous smile. We grew up very close like sisters and I will always remember her. She was loving generous and loved by many . Rest in peace my sister love you. Ditty*

“ Barbara had a smile that lit the room whenever she walked in. She was kind and gracious and made any occasion more fun. I can't imagine a gathering without out her, that will take some getting used to. Though she has left a void, I still have many wonderful memories that I will cherish with a smile.
