“ My condolences to the Lane Family for your loss. I am VERY saddened to learn of Mr. Lane's passing. My only connection with him was his film acting, watching him on the screen. Some actors make a deep impression on viewers, and I will always remember his role of "Adam" in the Bond film "Live and Let Die". Very tough and menacing looking character, yet so well-tailored. Although I did not know the man, I greatly appreciate his artistry that will live on perpetually as will his spirit. Be well, Lane Family.
