“ UNTIL WE MEET AGAIN

*Those special memories of you will always bring me smiles.  
If only I could have you back for just a little while.  
Then we could sit and talk again, just like we use to do.  
You always meant so very much and always will too.  
The fact that you're no longer here will always cause me pain,  
But you're forever in my heart until we meet again.*

*My brother Flavius was a great person, very stern with all of his brothers and sisters and his children. That demeanour was from him being a Police officer. We live miles away from each other but it was always joy when our father would say we're going to Clarendon to visit Flavius and the family. I can remember at Christmas eve Ms Rose ( wife) would take us shopping and we stop by the May Pen Police Station to say hi to Flavius. My brother and I couldn't see eye to eye when it came to supper time because he ALWAYS demanded that we eat with knife and fork which I didn't like but had to do it. Even though my brother was a bit scary he taught all of his siblings to be respectful of other and to always have manners to your elders and that's how he showed us that he love us. We lost contact for a bit and when I saw my brother again we hugged, tears fell from my eyes because I truly missed him. We would talk on the phone for hours. I promised him to come and visit this summer but COVID happen. My dear brother the day that Jermaine placed the phone to your ear and I told you I love you and that I'll see you soon will always makes me smile because I know you heard me. Take your rest my brother we LOVE and miss you.*

“ *Well my name is kirk Plummer and I am the brother of Flavius Adolphus Plummer. I remember growing up in Jamaica my dad and myself would go to visit the family, the memories that I had were filled with love and happiness. The smell of the food cooking on Sundays, going shopping the night before Christmas, just being with the family as a kid growing up was all I needed. Life has a way of playing out and if someone had told me that I would be sitting here writing this I would of told them no way. God had a different plan for you my brother he needed you to come home, rest well brother until we meet again one love.*
