“ My brother, Gerald Pryce, heart touched everyone he met. He has a soul that appreciated the rhythm of life. Gerald Pryce worked as an electrician at APUA in Antigua for many years where he met a lot of people from all over the villages. If you met my brother, you were a friend. He was known for his strong work ethic, humble, and humorous spirit. He was the life of the party or gathering.

He has a sense of responsibility and will check in on me from time to time. I could call my brother to help me to fit things around my home and he gladly shows up.

My brother's pet name was Cat Pryce. Every time I called him, Cat Pryce, we both laughed. That was one of our secrets.

He left behind a legacy of laughter, love, kindness, loyalty, and unforgettable memories which will continue to live through me.

Rest in peace my brother, Gerald Pryce known to many as Cat Pryce.

John Pryce

“ I will always remember the first time we met in my village, Swetes. I was a young girl at the time. You made me your messenger. I remember when you fell of the lamp post. I thought you die and I was crying. When you got up, you told me that you are not going to die now. And when you die, I should not cry because you will fulfill your dreams and mission. We shared some good times when you visit Swetes. When I got the news from your eldest brother, John Pryce, that you when home to glory I were sad. I remember that I must not cry. Your brother and I spoke about the first time, I met you and oh how we both laugh. I will remember you as long as I live.
Rest in peace Gerald Pryce
