“ *Hyacinth was a beautiful flower that God decided was ripe for the picking. I have known her since I begin working in Records at the Fort Lauderdale Police Dept in 1987. We shared many things throughout the years, especially our birthday, March 11th. A precious flower has gone home to be with the Lord but will always have a special place in my heart and memories. Eternally grateful to call you a friend and co-worker. R.I.P. Hyacinth. Cassandra J Battle*
