“ You raised me and provided for me when my biological father walked away. You were tough but underneath all of that I know you had much love for me and I know you loved me. I know how much you wanted for me to do great things and I hope one day I can accomplish what you had in mind for me. I miss you so much and I miss hearing your voice and I miss hearing your laugh. its so sad and hurtful to know and accept that you aren't here anymore. I wish I told you how much you meant to me, I wish I hugged you more I wish I could take back all of the teenage anger and problems that I gave you and mom. You were a great father and words can never truly express how much we miss you. I think about you everyday and I wish I could just have you back for one day so I could tell you all of this face to face. your time on this earth was so short but you touched many people with your words of wisdom and your compassion and your charity. Christopher misses you so much and he says he will never forget you and the great father that you were to him and me, he's young but he understands and knows that you weren't only his father but his best friend. A part of me is missing because now I no longer have a dad. Mom is going through so much because you aren't here but I know that God will give her strength. I see you in my dreams and I know that you no longer have pain but it was just so hard seeing you suffer the way you did. You didn't deserve that because you were truly a great man of courage, bravery and strength. I try to forget those days but they stay stuck in my head and I don't know what to do. I know that you are rejoicing with the angels and pain is no longer part of your daily life. I love you and I miss you so much Daddy Jacques.
