“ How could I share just 1 memory?? There's no way in the 6yrs together, 4 of those Years married and being my legal wife, we made so many amazing memories. We laughed so many times at stuff, at eachother, at our favorite T.V. shows (Family Guy & American Dad), we laughed at ourselves, finding humor In almost everything, even during the dark times. Here we are about 2 yrs after you've gone, & still, everyday I wake up, there'd just a few seconds where I don't remember that your gone. I've hung up our pictures in my bedroom, creating a mural of our memories. And your urn with your ashes, that sit atop my dresser with my favorite picture of you adorned in the back, which I kiss the top of everyday. Which I speak to all the time as I'm getting ready and doing my makeup. I talk to you almost every other day. I feel your precense very strongly & know you are with me in my spirit and in my heart, forever. I have no doubt about that. I'm still in touch with your family constantly. Especially Grandma, who left us last week. To be with you and Elizabeth. I can only imagine you guys up in heaven together and it brings me a great sense of peace. And I have gained another angel. ❤️. I don't think I will never not know what it feels like to not miss you. You come up in conversation all the time between me and my mom, and sister. Always something reminding us of you and your incredibly genuine heart. I will never find a partner who treated me as good and loving as you did Pooks. I have never been loved by anyone the way you loved me. Thank you for showing me that it not only existed but that we were both completely worthy of love. But obviously God needed you more and called you home. I have peace that you are no longer suffering and have seen you in my dreams and how beautiful and amazing you look! Some days are better than others. Then it could be a smell, or a song and just like that I realize I have tears just pouring down my face. Theres certain songs that everytime I hear I say "oh Jaimie loved this song" especially OUR song, 'On Hold' by the Double XX, which I played for my sister and she absolutely loved it ❤️. Please don't ever stop visiting me in my dreams & continue to be right there with me when I'm sad and crying talking to

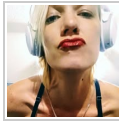

you, because I can feel you. Our bond was super strong & so is your presence. Now I'm gonna end with what we always told eachother when we hung up the phone or when we left eachother: "Jaimie, I love you to the moon 🌙 & back, Always & Forever, AND IN THE AFTERLIFE".....I LOVE YOU BEAUTIFUL. REST EASY AND IN PEACE MY AMAZING LOVING BEAUTIFUL WIFE.... LOVE ALWAYS,
VALERIE HILL-PENSO 🏳️🌈 🙏 🌹 🌹 🌹
