“ On behalf of the Universal Foundation for Better Living (UFBL) and the Universal Centre of Truth for Better Living (UC Truth) Spiritual Communities, I offer condolences to the family of Mrs. Josephine Gallimore.

'Mrs. G,' as I called her, loved God, her children and grandchildren. She loved Jamaica and any time that she could engage you in a conversation about Jamaica or about her family, she would do so. She also loved her USA and Jamaica based church family and friends. She shall continue to be an inspiration to many, including me.

Many thanks to her family in Ft. Lauderdale for the kindness extended to us when we visited Mrs. G. Thanks Natalie, for always keeping us up to date on happenings with your grandmother. She loves you all and would not fail to call Damion's name.

Thanks Mrs. G, for everything. May her soul rest peacefully. May her family and friends be comforted. May the song in her heart play endlessly blessing us all throughout the holidays and beyond.

'Those who mourn will be comforted.' Jesus the Christ

“ Boy Granny it was really my hope to have seen more of you, however, circumstances along with the pandemic the past two years changed all of that.

I thank you for the leadership of this family with your Christian beliefs and the support and encouragement that you offered to me in my journey to become saved and baptized. You were there every step of the way and never missed an opportunity to worship with me at my church even though you had your own church family.

You lived a long and fruitful life Granny and I hope that those who are left behind can continue to carry on your legacy with the grace and humility that you did.

I am grateful that whilst you lived to see the age of 98 not much of that time was spent with any ill health and discomfort.

I thank Denise and Auntie Carol for their unwavering stance to ensure that you were well taken care of and comfortable during your last days. I ask the Lord to provide strength and comfort to them during this time and let them know that you are now wrapped in the arms of your Lord.

Granny we celebrate you and honour your legacy! Well done woman of God!! It is now your time to rest!! I love you!!!!

“ My dearest grandmother, to whom I owe so much in life. It was because of you, I got my big start in Information Technology. You opened the door that officially started my adult life. You called on your family who you knew had contacts at VMBS to get me in front of the Manager for an interview. This would become the start of a 15 year long relationship with that institution and I was mentored by the best of the best. Without you Granny, this opportunity would not have come my way. I am forever indebted to you for taking this step and promoting me as well as you always did. I love you Granny. And I know that you love me. I am so sorry that due to these COVID times we didn't get to connect as we wanted to, but we spoke often, and we shared many a laugh. Judith, Abigail and Joshua all miss you and will continue to miss you for eternity. You led this family well!!!! Our ultimate matriarch. What an awesome job you did! Carol and Den continue to feel your presence with them, we know you are watching over all of us who remain on this earthly plain while you connect again with Eric, Eddie, Jacky, Aunts and Uncles who went before you. Give them all our love, and until we are able to embrace again, trust that your memory will live on in the hearts of many. Sleep easy now my granny puss, D loves you unconditionally.
