“ *To Stephne and entire family 🌸*

Sorry we can't be there with you today but our prayers are with you in this time of grief. I know there are no right words so we pray for the comfort of the Holy Spirit as only he can.

Your mom was a special lady who has had a tremendous effect on many lives, she's left you with many memories which I know you'll all cherish. I pray for smiles 😊 and sunshine ☀️ on cloudy dark days.

Love and Blessings

“ *But, I really didn't know her*

*Her smile could bring out the sunshine on a cloudy day
When you were down she would pick you up in a special way*

But, I really didn't know her

*If you were lonely, she'd be there for you
time and time again, because
She was a mother, a lover and a friend*

But, I really didn't know her

*When you got sick, she would help you to get well
She'd hold your hand and caress you. She's just that kind of gal
You can tell her all your secrets where no one else could peek
And bottle them up in prayer for only God our Father to keep*

But, I really didn't know her

*Always love God is what she would teach
Be kind and respectful to all people is what she would preach
Get an education and a nice job too
Be a pillar in your community is just what you should do*

But, I do know, I do know her

Because Stephne, I do know you!

Love and peace to the family

“ I always called her, "Friend, Judith" and she always called me, "Friend." I don't remember how it started, but it was a fun little joke we shared. I would bring her ackee from my ackee tree and she would make me saltfish and ackee. She will be missed.

“ I view Judith's passing as a personal loss. She and I often joked with one another and enjoyed each other's company. She always kept me on my toes with reminders to submit my test questions to her on time and I would often try to beat her to the punch by sending them to her before she asked. I will miss her presence in our PA Program.
