“ Dad,

Tomorrow will be the last day that I'll see you. I just wanted you to know, how much I love you! You will always be on my mind. Thank you for making comfort foods and allowing us to learn from you. Except time one Thansgiving Day you decided to pre-cut the cooked turkey. That wasn't funny all the other times you was cracking jokes or acting. Jonas and I began to look for the whole turkey. We were disappointed.

You were a multi-tasker who took time to sew our clothes; while we were growing up. Dad, you were very talented. You brought us from Dominican Republic when I was four years old and Jonas was five. I love you for that!xoxo

Every Friday were very special. Always you took to take us to eat Pizza across from Raythoen where you worked for many, many years and retired from.

Thank you for coming home on the Blizzard of 1978 in Lawrence, Massachusetts at 7pm. Dad, that day it was a it was snowing. Jonas and I held hands as we walked from the Tarbox School to Cedar Street where we lived. Our feets were cold from walking. And our faces were numb from harsh weather and Arctic breeze embracing us. Somehow, Lord you managed to bring my brother home. When we waited still sitting on our kitchen floor hoping that the door would open. There was an Angel from above watching our our family. Later that evening our dad Julio walked in with our mom Adolfina. We were grateful to see them. But God had a plan! God is Great!!!

I didn't know where the time went but I know I captured every moment we had. May these moments be the strength I will need to get me going. Please always shine your blessing over me and your loved ones.

May you now rest and peace!

Love always,

Samaria your middle child

I can't seem to grasp the feeling of you being gone but all good tend to come to an end. I'm grateful for having the opportunity of you meeting your first great grandson & being able to create long lasting fond memories with you throughout my life time since the day I was born. I know you'll always be glancing over our family & protecting us like you've always had. From the discipline speeches to the story telling from when you served to the tightest hugs to the numerous jokes just to see us all laugh from the creative things you used to make & give us all of that & more I will constantly have as a reminder of you. I will have you close to my heart & your soul presence beside me til the day I am not breathing. I love you abuelo Julio may you finally rest peacefully!
