“ The hardest part of losing someone, isn't having to say goodbye, but rather learning to live without them. Always trying to fill the void, the emptiness that is left inside your heart when they go. Pedro, your passing has left us all with many voids, emptiness of hearts and many tears flowing like the Dunn's River Falls. But we have to agree that this life is only temporary. Jehovah our God has promised "All things will become new" There in Paradise we will all live together in love and unity. So sleep now. Many precious memories of you and the love from all your families and friends linger on until when we will see you again..

“ You were taken way too soon, something nobody expected. You were an amazing person, you have touched so many lives and left your footprints on all many hearts, you can only live on through us.. I'd give anything to have you back but I know that'll never happen so I must face the fact that I have now gained an angel.. Walk with me always as you'll forever live on in my memories, my heart, and my soul.. I miss you more than words could explain and even though I don't understand why, it's not my place to question. God needed his angel back, I just wished he gave us more time with you. I pray that God gives us all strength, and guidance during horrific time but also fills our hearts with comfort knowing you're at ease in a far better place than here.. I've loved you since I was 14 and I'll love you forever always. Rest now my love, Lekkie "Pedro/Lucky" Constatine Wilson 🙏
