“ I met Robert when I was 12 years old, we spent a week in the keys then reconnected at 16 for another trip to the keys. He was very kind and generous, I truly wish we could have remained better friends but life kinda came and went. Thank u for your service Rob and your generosity will be forever remembered as I too am a dog person and will be sure to pass your love onto all the animals in my care. Thank u for always remembering me. God bless you, my Guardian Angel.....
