“ *I am so sad, I am lost for words. I haven't see you in years and we haven spoken in years but I can still remember your voice, your smile and I will never forget our great memories. Rest in peace my dear.*

“ *I met Tamika in Jamaica almost 17 years ago. We maintained our friendship. To this day I talk about her mother's soup. We talk for hours at a time often keeping each other's company during long commutes. I have no other friendships such as the one she and I shared. She is with the ancestors.*

“ *My Dearest Tameka,
I still cannot believe that you are no longer with us in the physical form but you will live in my heart forever. We shared many Thanksgivings and Christmases together and to me you were a daughter. For this I am sure, you are in a place now. The last text that we shared in January you ended with "nuff luv". So "nuff luv" to you Tameka. Go rest high on that Mountain, your work here on Earth is done. Go to be with Angels, till we meet again. Rest in Peace.*

“ My dear friend Mika, you will be missed dearly. It is hard to believe and to grasp such a terrible loss. I will always carry you in my heart and memories. You were a great friend and colleague. You inspired me and continue to do so and others in so many ways. Your fighting and gentle spirit, that relentless desire to keep going and always do the right thing and try your best despite your struggles are an example to all of us of bravery and strength at its fullest. You were smart, caring, selfless, and the best friend anyone could ever ask for. Love you forever! Wish your family the strength to carry on with such devastating loss. You were amazing and will always be remembered.

“ Tamika, you were a great friend and a smart colleague. You always had a smile on your face and would brighten up everybody's day. I loved messing with you about how Superman could beat Batman...but you disagreed. And how you once gave me a Watchman DVD with part of it in German. My condolences to your family and loved ones, we lost a good soul.
